

JAVARI T1112

(JAVARI MEETING H110 BEVELED EDGE + TOP ACCESS)

DISTRIBUTION

Contract & Retail X'Clusive Collection

DESIGN

Vincent Dejonghe

LABEL

Mobitec Label

TYPE

TABLETOP

The top is 30mm thick solid wood, available in oak (E) or rustic oak (W), with a bevelled edge.

Rustic oak is available with a choice of open or closed knots.

EXTENSION(S)

FEET

Depending on the length of the table, this model has up to 4 U-shaped legs. The metal legs are available in black (A01) or untreated steel (A24).

The table legs are fitted as standard with removable wooden inserts. This allows cables to be routed neatly to the floor. The colour of the wood insert is freely selectable, but always matches the wood type of the table top.

The table legs are always fitted with adjustable glides.

SPECIAL FEATURES

For technical reasons, table tops can consist of several individual elements. Depending on table size, there may be up to 6 individual elements.

For tables with Top Access, the cable tray is centered lengthwise with the corresponding cover bar.

SECURITY

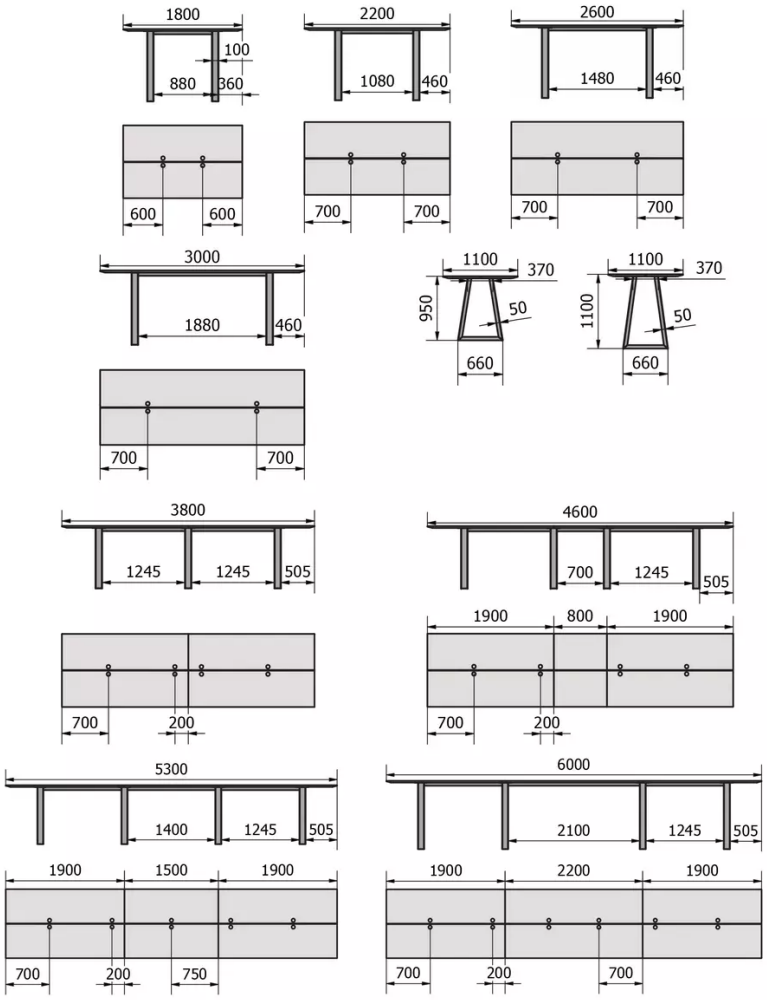

Our tables are heavy and require two people to assemble or move them.

DIMENSIONS (CM)

110x180 - 220 - 260 - 300 - 380 - 460 - 530 - 600
