**TYPE**

Working station, total height 76cm.

**TABLETOP**

Top in MDF 30mm with a 0.9mm in FENIX NTM® layer veneer.  
The beveled edge, as well as the underside of the table top are lacquered in a color matching the color of the Fenix decor.

**EXTENSION(S)**

This version is always without extension.

**FEET**

Depending on the size of the table there are 2 types of feet.

Regardless of their position, feet are always in solid oak and equipped with adjustable WAGNER® glides.

Metal frame in steel wire Ø12 mm. The color of this metal structure is at your choice, among our range of metal colors.

**SPECIAL FEATURES**

For technical reasons, the table top can be supplied in several parts to fixed together. Depending on the size, the top can be made up of 2, 4 or even 6 different parts. When a table top is made up of several parts, these are screwed together from underneath the table to form the complete tray.

The "Working station" table is always with cut-outs for cable routing.

Depending on the size of the table, there are 3, 5 or 7 cuts. However, their location is defined and cannot be changed.

**SECURITY**

Our tables are heavy and require two people to assemble or move them.
